VETERINARY CERTIFICATE

Horse: Eurozone x Skymelt '17
Signalment: Chestnut yearling colt
Brands: Left shoulder = Script LW
Right shoulder = 2 over 7
Microchip: 985100012133148
Examined at: Dartbrook Downs Barn 1 Magic Millions, Morphettville, Adelaide

At the request of *Ms Carol Walsh* of Blueblood Thoroughbreds, a veterinary examination of the above horse was undertaken at the Magic Millions Complex, Morphettville, South Australia on the 13th March, 2019. The purpose of the examination was to provide a Veterinary Certificate for inclusion in the Product Disclosure Statement (PDS) for syndication by Blueblood Thoroughbreds.

Clinical Examination

The clinical examination included heart, ophthalmic eye examination, teeth examination, limb flexion and joint palpation which were normal. The examination also included a review of the radiographs for the above horse provided in the repository. The horse was examined at rest and at the walk. There was no evidence of previous abdominal surgery, infection or disease, lameness, laminitis or ataxia. There are two descended testicles in the scrotum.

In my opinion, at this time, the Eurozone x Skymelt '17 presented as suitable for purchase as a racehorse as can be determined from the examination performed as described. Eurozone x Skymelt '17 is suitable for public syndication and mortality insurance.

I confirm that I do not have any current or intended future financial or other interest in the above mentioned horse, the proposed syndication or Blueblood Thoroughbreds and this letter may be relied upon by prospective investors who invest in the horse.

Yours sincerely,

Dr Chris Lawler BVSc
